Cedar Path Tutoring

Tutoring & exam preparation for grades 7-12 · Beirut & online

Who we are

Cedar Path Tutoring was founded in 2022 in Beirut by two teachers who were tired of seeing capable students walk into their official exams underprepared. We run a small, focused center on Bliss Street near Hamra and teach the same programs online over Zoom, so students anywhere in Lebanon can join.

Our mission

To help every student in Lebanon walk into their official exams and university applications prepared and confident, through small classes, personalized study plans and honest progress tracking.
